Effective as of 1 July 2013

Book 4, Article 26.4.1.1

26.4.1.1 *Time limit Qualification rounds : one and a half minute is the time limit for athletes in all divisions to shoot two arrows in. As soon as the group in front has cleared the shooting peg the next group moves from the waiting area to the area with the picture of the animal target to be shot. When the group in front has cleared the target and is assumed to be at safe distance, the group may go forward from the picture-area to the shooting peg (see Article 23.2.) and the first athlete in the group starts shooting. Due to safety reasons and the time-limit, the arrow can only be nocked at the shooting peg.*

INTERPRETATIONS

WORLD ARCHERY CONSTITUTION AND RULES

Book 4, Article 22.4

An interpretation was raised by Slovak Archery Association on whether the Tradetech Galaxy Riser is legal in the 3D and Field Instinctive Bow Division.

The Constitution and Rules Committee (“C&R”) finds the question presented to be within the terms of reference of the Technical Committee.

C&R has determined that the following interpretation is not contrary to the existing rules or Congress decisions.

Response from the Technical Committee:

It is the unanimous opinion of the Technical Committee, after consultation with the Field Committee, that the riser presented for interpretation is not legal for use in the instinctive bow division of World Archery. The riser is adjustable in weight and presents a clear violation of the rules.

Archery Technical Committee, 22 July 2012

Approved by the World Archery C&R Committee, 23 July 2012
